# INTERESTED?

## WE WANT TO HEAR FROM YOU!

Submit CV and a brief overview of WHY you're interested in becoming an innovative online educator!

The CMHC program prepares students for a career offering mental health services in a variety of settings, such as helping diverse clients through issues such as depression, anxiety, grief, low self-esteem, stress, relationship difficulties, and suicidal impulses. Students enjoy a transformative educational experience with the flexibility of a program and graduate with in-depth understanding of a wide range of mental health issues that are seen as a strong asset in a variety of professional arenas.

Teaching Program  
Start Date:

# 1/18/18

To Do Checklist:
